

Foreword

I am pleased to submit my report on the Review of the Office of the Citizens' Representative (Supplementary Report re: Cellular Telephones). The Report presents findings from my supplementary review of cellular telephone records for the Office of the Citizens' Representative, as well as an Appendix containing my initial report on the review of that Office which was provided to the Members of the House of Assembly on 26 January 2005.

At the time my initial report was completed, the Office of the Clerk of the House of Assembly, which assists with the administration of the financial operations of the Office of the Citizens' Representative, could not provide me with cellular telephone records relating to 21 of the 28 months covered in my review. I received the records in February 2005 and my review is now complete.
