

Of the 82 entities required to prepare annual financial statements, 29 (2002 -32) were audited by our Office while 51 (2002 -53) were audited by private sector auditors. Contrary to their governing legislation, the remaining 2 entities, the Memorial University Foundation and the Newfoundland and Labrador Occupational Therapy Board have never submitted audited financial statements.

As of 30 November 2003, the required audited financial statements had not been received from the private sector auditors for 8 of the 51 entities and the required management letters had not been received for 13 of the 51 entities. Furthermore, the majority of audited financial statements and management letters that were received from the private sector auditors were not received on a timely basis. On average, audits are completed and the auditors' reports signed within three months after the year end. However, in most cases the financial statements and related management letters are not received by our Office until another four months after the audit report date, and often only after follow-up by our Office.

The highlights from our review of audited financial statements and management letters of Crown agencies are presented in Part 2.6 of the *Report of the Auditor General to the House of Assembly on Reviews of Departments and Crown Agencies for the Year Ended 31 March 2003*.

2.7 Accounts and Loans Receivable in Government

At 31 March 2003 Government was owed \$465 million of which \$218 million is considered to be uncollectible. Our review disclosed that Government has written off \$267 million owed to it during the past 12 years. In my opinion, Government does not do a good job of collecting amounts owed to it.
